Thorburn's Seed Display Cabinet.

The style of this novel cabinet is shown by the above cut. It is 30 inches high and only 15 inches wide—a convenient size for standing on a counter. It has 40 compartments for vegetable seeds and 39 for flower seeds. Each compartment holds 10 (or more) packets. The cabinet will thus hold 790 (or more) packets in 79 distinct sorts, and as fully displayed as our illustration shows, the whole packet being visible. No matter how few packets are in the compartments, they can stand to the front, and the same uniform display is maintained as well when the cabinet is nearly empty as when it is full. When exhibited in this cabinet, our handsome colored lithographic packets will sell themselves.

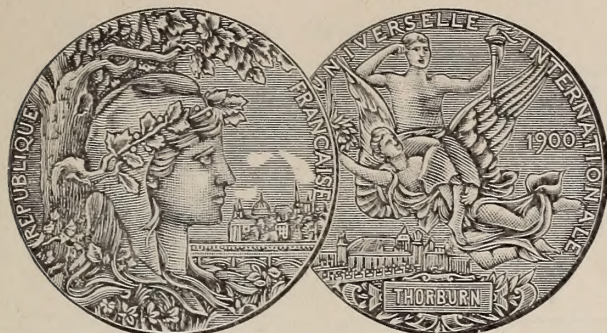

Price, \$3.50 free on board, no charge for boxing.

HANDSOME COLORED LITHOGRAPHIC PACKETS.

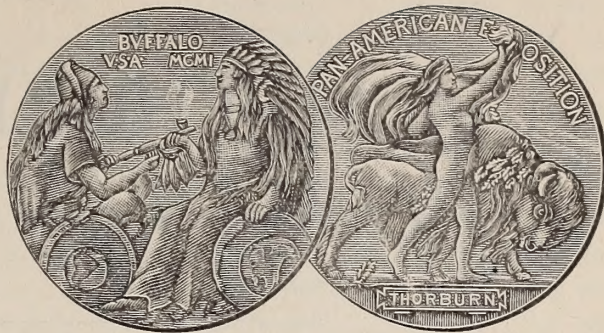

We offer the varieties of vegetable and flower seeds mentioned on page 24 in handsome colored lithographic packets. These packets are not to be confounded with the cheap sorts usually sold. They are put up fresh by ourselves, of our very best seeds, and contain much more seed than is generally supplied in such papers. **Price, \$2 per 100 packets.**

See page 24 for our list of sorts in colored packets.

TRADE PRICE-LIST OF

SEEDS

OFFERED BY

J. M. THORBURN & CO.

Growers and Importers of Seeds

NEW YORK

TERMS

NEW YORK, January 1, 1902.

ACCOUNTS ARE DUE net on June 1st, 1902, without regard to the date of purchase; or a discount of one per cent a month will be allowed on all payments made before June 1st. Goods purchased after June 1st are Net Cash on October 1st, and after October 1st, Net Cash on January 1st, following. Grains, Grass, Clover and Canary Seeds, Onion Sets and Potatoes are Net Cash.

References are requested from unknown correspondents.

The quotations in this list are intended for the **Wholesale Trade** only, and are subject to change without notice. All prices apply only to the quantities quoted—10 pounds or 10 bushels, and 1 pound or 1 bushel. Smaller quantities will be charged at a higher rate, and no seed will be invoiced at less than 10 cents for a quarter pound. Where two grades are quoted the best is always sent unless the order specifies otherwise.

In the absence of instructions when shipping, insurance will be effected at our discretion.

For the past fifty years we have made a specialty of Vegetable and Flower Seeds in bulk, as well as of Peas and Beans. We also put up, fresh every year, garden seeds in papers for retailing. All orders are executed with great care and dispatch.

Messrs. J. M. Thorburn & Co. give no warranty, express or implied, as to description, quality, productiveness, or any other matter of any seeds, bulbs or plants they send out, and they will not be in any way responsible for the crop. If the purchaser does not accept the goods on these terms, they are at once to be returned.

Trade Price-List for 1902

A Telegraphic Cipher is attached to each article, which will enable orders to be sent by wire at comparatively little expense. For example:

Two Abolish means two bushels Extra-Early Valentine Beans; or **Fifty Amber** means fifty pounds Egyptian Beet, etc.

The Code and Cipher herein annul all formerly printed.

On certain varieties in large lots we are prepared to quote lower prices by mail or telegraph.

PRICE, \$2.00 PER 100 PACKETS.

Not less than five of a kind sold at this price. Special prices quoted on large lots on application.

THORBURN'S SEED DISPLAY CABINET.

This novel cabinet is 30 inches high and only 15 inches wide—a convenient size for standing on a counter. It has 40 compartments for vegetable seeds and 39 for flower seeds. Each compartment holds 10 (or more) packets. The cabinet will thus hold 790 (or more) packets in 79 distinct sorts, the whole packet being visible. No matter how few packets are in the compartments, they can stand to the front, and the same uniform display is maintained as well when the cabinet is nearly empty as when it is full. When exhibited in this cabinet, our handsome colored lithographic packets will sell themselves. *See cut inside front cover.*

Price, \$3.50, free on board, no charge for boxing.

FLOWER SEEDS.

When less than one pound or one ounce of the cheaper kinds of Flower Seeds is ordered, a higher price will be charged.

MIXED ANNUALS FOR WILD GARDEN.

Bright colored, summer-flowering, easily grown hardy annuals in the greatest variety for sowing broadcast. Per lb., 50 cts.; 100 lbs., \$40.

FERN BALLS.

We have imported some of these interesting Ferns from Japan. They are easily grown and occupy little space, being suspended from the roof. In the fall the leaves die off, and the plants need a rest for two months, during which time it is recommended to keep them out of doors. The frost does not hurt them, but when taking them in, they should be gradually thawed out. We handle only the long-leaved variety. Price, No. 1, extra large size, per 100, \$32; No. 2, large size, 100, \$24; No. 3, second size, 100, \$18.

TESTIMONIALS FROM LARGE CAULIFLOWER GROWERS.

J. M. THORBURN & Co.

CUTCHOGUE, N. Y., July 13, 1898.

Gentlemen: I have used your Gilt-Edge, Snowball and Erfurt Cauliflowers for the last 16 years, and always with good success. I have also used other well-known kinds from other houses, but yours always came out ahead. I have also been selling different kinds of Cauliflower seeds for the three years past for the Southold Town Agricultural Society, and the demand is three to one in favor of yours

Yours respectfully,

(Signed) HENRY KAELIN,

Purchasing Agent Southold Town Agricultural Society.

J. M. THORBURN & Co.

CUTCHOGUE, L. I., July 11, 1898.

Gentlemen: In reply to your inquiry regarding the merits of your three popular varieties of Cauliflower, I beg to say that I have grown your Large Erfurt since 1876, and your Snowball and Gilt-Edge since they were introduced, and at this time I grow no other varieties. The Gilt-Edge produces very large, heavy heads, requires a long season, and is desirable for early setting to grow for pickling. It makes good heads in warm weather. The Large Erfurt has very fine white heads of large size. It is a sure header, but does not head all at one time, but follows along in succession. We consider it the best for setting from July 4 to 25. Your Snowball is a fine medium-sized variety, heads very clean and quickly, and nearly all at one time. It is, therefore, very valuable for late setting for storing for winter. We use it almost exclusively for the growing of winter Cauliflowers, taking up and storing small, half-grown heads in the latter part of November, in cool cellars or sheds, and holding for the good prices of Christmas and New Year.

Yours truly,

(Signed)

WM. A. FLEET.

MATTITUCK, N. Y., July 13, 1898

Gentlemen: I have used your Gilt-Edge, Snowball and Large Erfurt Cauliflower seed for 20 years, and never had a poor ounce. You may use my name in support of your highest claims for them.

Yours respectfully,

(Signed)
